The Mi Piacce story

Our sofas are hand-made in Bari, the capital of sunny, laid-back Puglia in Southern Italy. As a port city, Bari embodies influences from many cultures, while retaining that quintessential Italian easiness and zest for life. That balance of sophistication and simplicity informs the Mi Piacce brand, which marries contemporary ideas with traditional craftsmanship. We've inherited a commitment for lasting quality, strengthened by our passion for modern design.

Luxurious style without pretension

Whether you prefer vibrant colors or soothing hues, each of our pieces will inspire your home with eleganza.

Simple. but never boring

The sleek silhouettes of our sofas defy trends, and our dedication to quality ensures durability. We use genuine Italian leather that will develop a handsome patina over time. In other words, you'll see your Mi Piacce sofa grow with your family

Why Choose leather?

Long-lasting

The fact is, leather furniture is something you buy for a lifetime. Since leather is a natural product, aging brings out its natural patina, making it even more beautiful over time. And since leather furniture is something you can enjoy for years to come, this is a purchase that makes a sound investment. You'll find that leather lasts much longer than fabric and can be a better value.

Easy Care

Leather is easy to care for. To clean leather, just use a conditioner every six to twelve months and wipe up spills as they occur with a clean cloth. Avoid using normal cleaning supplies—such as soaps, detergents, solvents, etc.

Durability

Unless you live with very mischevious pets or children, your leather furniture is as safe as any other piece of furniture in the house. For more peace of mind, select a protected leather for your furniture, which has an extra finish applied to it. This helps protect the leather so pets and kids can sit on the couch with none of the usual worries.

Steady Temperature

Leather seats in a car get hot in summer and cold in winter. But for leather furniture indoors, you'll find that it warms to your body heat in the winter. In the summer, since it's natural and can breathe, leather stays pleasantly cool. Just keep it out of the sun (which can be hard on the color, too).

- 1** Always try any cleaning method in a hidden area first to convince yourself of the results.
- 2** For minor spots and spills, wipe up any excess liquid immediately with a clean, absorbent cloth or sponge. If necessary, use a lightly moistened soft cloth with clean, lukewarm water, and let it air dry naturally. If water is used, clean the entire area where the spot occurred.
- 3** Do not use cleaning solvents, furniture polish, oils, varnish, harsh or abrasive cleaners, or ammonia.
- 4** For butter, oil, or grease stains, wipe off excess with a clean dry cloth, then leave alone as the spot should dissipate into the leather after a short period of time.
- 5** If the stain persists, we recommend that a professional leather specialist clean the leather to avoid any potential damage to the leather.
- 6** For minor or slight scratches on the surface, use a chamois or clean fingers to gently buff the scratch. If needed, moisten lightly with distilled water to work scratches out.
- 7** Remember that leather is a natural product and will require regular attention and care to maintain the natural beauty of the hide.

About Us

ACME started doing business in Los Angeles, California in 1985. Today we have six branches located in San Francisco, New York City, New Jersey, Texas, Atlanta, Miami, and one distributor in Arizona. From the beginning, we have set out to provide our customers with service, value and quality.

Service

In our new 1600,000 square feet, fully racked warehouse in Los Angeles, we can ship out most orders within 48 hours. In most instances we can ship 90% of the items requested. This is possible due to the fact that we maintain inventory at all times. We also offer our customers a traffic department that offers the most competitive freight rates.

Value

Over the years, ACME has been working with many of the same factories in Malaysia, Taiwan, Vietnam, Indonesia, Brazil, and of course, China. Because of our long-term relationships with these factories, we have been purchasing our products at the most competitive prices in the industry. We are proud to say that in most cases, our prices will be able to beat our competitors' prices.

Quality

Nothing is more important than quality. That is why ACME maintains its own quality control personnel in every country where we do business. Every item must meet our exact standards. Nothing less will do.

Integrity

We are very proud of the growth ACME has realized since 1985. Besides the six branches, we also maintain showrooms in Tupelo, Mississippi, High Point, North Carolina, and our newest showroom in Las Vegas, Nevada. In addition, we value our loyal customers and friendships we have developed with our clientele.
